# As Automated As You Want

With Probance Ecommerce Growth, you choose how you operate.

## We Run It

If you let us handle your platform, we make a commitment to your ROI in writing. Plus you free up your valuable time for other things. We continue to optimize scenarios, and carry out A/B testing.

We can even provide content and creative for your newsletters, or you can keep control of these, and let us do the rest.

## You Run It

If you run it, you'll find it easy to manage with messaging templates, plus analytics such as scoring, KPIs, dashboards and reports.

Take full operational control of your scenarios and newsletters, and carry out your own A/B testing.

# Customer Journeys That Really Connect

Probance Ecommerce Growth starts with a set of 11 best-practice marketing scenarios that our experience tells us are the top drivers of business. From there, you can create more by yourself, or with our help. And we continually optimize them, so you can speak to your customers as individuals. Getting you those solid results.

## Increase conversion and revenue

### Post-Visit Remarketing

Identify your visitors' individual interests based on their browsing. Recommend the most relevant products. Reminder sequences can be fully configured and optimized via test-and-learn.

### Basket Recovery

Recover lost revenue. Convert more visitors with relevance. Automatically exclude articles that have since converted. If articles are no longer available, Probance can recommend substitutes.

### Up-Sell, Cross-Sell

Offer complementary or upgraded products. Use Probance's next-best recommendation algorithms or combine them with your own business rules.

### Re-Sell

Sell consumables more effectively. Send reminder messages based on the product life-cycle and on individual buying habits.

## Reinforce customer lifecycle

### **Birthdays & Milestones**

Send marketing messages based on the customer's birthday or a relationship milestone. Can include personalized offers and discount codes.

### **Onboarding & Welcome Journeys**

Help new customers discover your brand and what you have to offer. Grow sales from day one. Probance offers rich, fully-configurable sequences that you can test and optimize over time.

### **Customer Reactivation**

Reactivate dormant customers. Recover lost revenue. Improve database hygiene and email deliverability.

## Delight your customers

### **New Product Alerts**

Send customers automatic newsletters with new products tailored to their individual predicted interests.

### **Price Change Alerts**

Automatically notify customers of price drops when they show recent interest (abandoned basket or navigation).

### **Back in Stock Alert**

Automatically target consumers who intend to purchase when relevant products are available again.

## Effortless Conversational Marketing

### **Fully-Automated Regular Newsletters\***

Automatically send newsletters highlighting new products, price drops, best sellers in the customer's predicted preferred categories. Everything is fully configurable and fully personalized based on recommendation algorithms and business rules. Results can be optimized using AB testing.

*\*You can step in and take control of newsletters if you choose*

Bespoke CMS / ERP Integration

# Rolled-up Delivery to Give You More, In Less Time

Using our AI, we've automated the steps required to get a solution that's customized to your business and personalized for your customers. With our Customer Success team to pilot the process.

That means you get a full-powered marketing solution in radically less time, and **for a fraction of the cost** of equivalent campaign-management platforms. Here's what we do differently:

PHASE 1

## DEPLOY

We meet to understand your unique business and goals.

We capture all your customer and product data, and create a comprehensive data library.

Our AI analyzes all that data in just 36 hours. The start of the personalization process.

PHASE 2

## CUSTOMIZE

We configure your marketing scenarios or customer journeys, based on the results of our analysis.

We customize your interface to make it easy to read, and show you how it works. You get weekly reports.

PHASE 3

## OPTIMIZE

If you let us handle your platform, our data experts use AI to test and learn, and fine-tune your solution for optimal results.

Because we're so sure of our AI's ability to find the best timings, routes and content to boost your business, we guarantee performance in writing.

You don't have to do any integration or data preparation.

Your marketing solution is fully customized and delivering results in days, not months.

You're never alone.

You can also entrust us to take care of everything, saving you time as well as money.

You reap real ROI, faster.

# Details That Make the Difference

To a customer it's simple - an sms reminder, a personalized product recommendation - and it definitely boosts sales. But it takes a lot of data and detail to get right. It also takes work to combine data and content from multiple sources, and design customer journeys to be effective. **The Probance AI handles everything**, delivering personalized marketing with measurable results.

Do you want to:

- Send reminders so customers complete their purchases - and thank you for it?
- Send relevant product recommendations to your customers, whatever the channel?
- Trigger experiences throughout the customer lifecycle to boost their value over time?
- Ensure all your promotions reach the right audiences?
- Manage marketing pressure to avoid opt-outs?
- Save money on display remarketing?

Probance Ecommerce Growth automates it all with intelligence. It gives you the power of high-end, customized marketing software, for radically less cost.
